

Declaration to REACH- and CLP- normative

The STEINER GmbH & Co. KG as a downstream user of

Aluminium	(CAS-No.: 7429-90-5)
Gold	(CAS-No.: 7440-57-5)
Zinc	(CAS-No.: 7440-66-6)
Polypropylene	(CAS-No.: 9003-07-0)
Polyethyleneterephthalate	(CAS-No.: 25038-59-9)
Polyphenylenesulfide	(CAS-No.: 25212-74-2)
Polyethylenenaphtalate	(CAS-No.: 25853-85-4)
Polytetrafluorethylene	(CAS-No.: 25067-11-2)

assures that the CLP- and the European REACH normative 1907/2006 are respected.

The above mentioned substances are pre- registered and registered by the European Chemicals Agency (ECHA).

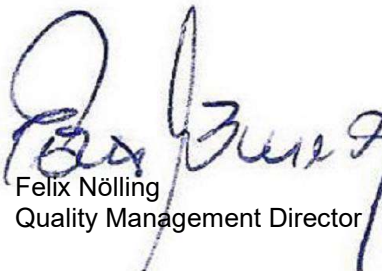

STEINERFILM® aluminium, gold and zinc metallized products are not subjects to registration.

The STEINER GmbH & Co. KG is communicating with its suppliers for compliance with the above mentioned REACH normatives.

STEINERFILM® products don't contain ECHA-SVHC's (list updated on 14.06.2023) in concentrations exceeding 0,1 % w/w.

Please note, that it is not totally to exclude that minimal traces of the substances could be found in amounts, which are ubiquitous in the environment.

Please do not hesitate to contact us, if further information is required.
